

# BUCKEYE LUBRICANTS #333 SOLUBLE COOLANT

Buckeye Lubricants #333 provides excellent tool life and finish for all operations on aluminum. Galling and pick-up are eliminated with this product and tool life can be significantly extended. In addition, it also provides excellent performance on steel, stainless steel and other ferrous metals.

#333 is suitable for all machining operations including more severe applications such as Broaching, Tapping, Threading, Boring and Milling.

In addition, the low-foaming characteristics of #333 make it suitable for most grinding operations including Centerless, ID, OD, Surface and Knife.

*SAMPLES PROVIDED ON REQUEST*

**Buckeye Lubricants #333 is an EXCELLENT All-Purpose Soluble Coolant Suitable for Most Machining & Grinding Operations!!**
