

# BUCKEYE LUBRICANTS

## VARI-LUBE #2

**Buckeye Lubricants VARI-LUBE #2** was developed as an environmentally safe synthetic machining & tapping lubricant. It is suitable for use on all metals but it is particularly effective on aluminum.

**Buckeye Lubricants VARI-LUBE #2** can be used on most machining operations but it has proven to be especially beneficial on **sawing** applications.

### **Buckeye Lubricants VARI-LUBE #2**

is used “as is” and is designed to be applied in extremely small quantities using misting equipment.

There are no disposal or “smoke” or disposal issues as **Buckeye Lubricants VARI-LUBE #2** is fully consumed during the machining operation. Is also very mild on operators’ hands.

*SAMPLES PROVIDED ON REQUEST*

Buckeye Lubricants VARI-LUBE #2 is a SUPERIOR Synthetic Machining & Tapping Lubricant that is Suitable for use on a WIDE range of Applications !!
